

Luggage guard dog guard for hatchback or estate car, adjustable (20 GBP)

Location

East Midlands, Northamptonshire

This fits behind the rear seats, fixes to the head restraint posts, and is adjustable for width to make it easier to get the unit into position and then make sure the whole space is covered. This adjustment means it should fit a wide range of hatch / estate cars.

Used for a few years on our Zafira B (2006 - 2011) to help with packing for camping, but we no longer have the vehicle so not required.

Collection from Northampton.
