SINGER FOR ROCK COVERS BAND. A new Bristol based rock covers band needs a singer. We have progressed well with our current line-up of bass, drums and 2 guitars but need a singer so that our current singer can concentrate on his instrument. We have about 1 hour 20 of songs so only need a few more to be ready to gig. Influenced by Gary Moore, Thin Lizzie, Foo Fighters, Europe, Queen, Thunder, and The Cult we are aged from about 40 upwards and are all experienced musicians with all the necessary professional gear including a PA. We need someone with their own transport, experience, and are happy to take on their influences to help the band to develop. The singer doesn't have to be male either!! If you want to give us a try then please get in.
