A lot of misc. rail track with 1 engine. The cross over sections have TRIX made in England on them. The X shaped one has Germany embossed on it. the engine is in the shape of a steam locomotive, is made of heavy metal, black with a gold crown, with a red lion above, holding a wheel, with the numbers 6664 on the side. Probably produced in the 50s or earlier. The width of track is 3cm. The distance between the tracks is 2cm. There is a metal runner between the tracks for the engine to attach to.
OPEN TO REASONABLE.
