An impressive set of 20 1906 Charles Dickens novels. Green and black cloth front and back with brown 'leather' spine. Very good condition for their age. Some foxing, shadow marks on inside of covers. About 6 books have some damage where front and back boards join the book, but nothing serious enough to spoil the reading of the books. Some books have just a few black and white prints; other have quite a lot. They would make an excellent statement on a home bookcase or anywhere in a public place, restaurant etc. to add a vintage atmosphere. Please ask if you have any queries.

We are fund raising for St Nicolas Church, Itchingfield, West.
