Product Information

Integrated Bluetooth, 802.11 b/g/n WiFi and GPS keep you connected. Unlike most tablets, the Yoga Tablet 8's speakers face front - toward you - rather than to the side our out the bottom. Combine that with Dolby Digital Plus enhancement and you have a rich, immersive sound experience that's perfect for watching videos or listening to music. The 5.0M rear and 1.6M front cameras let you take high-definition pictures and enjoy crisp, clear video chats.
