12.2hh coloured 5 year old mare. Has been a second pony for the last year but sadly current jockey has outgrown her. She will stand all day to be brushed and can't get enough of cuddles. She's happy to potter around the arena or the lanes alone or with company. Has done a small amount of ponyclub. Cross country and dressage. Currently jumping 80ins competitively. This little mare has taught her jockey so much including confidence. Such a sad sale but hopefully she can go on to teach more children the joys of riding. Based in Ireland, videos available.
