

GT Road Bike (300 GBP)

Location **Yorkshire and the Humber, North Yorkshire**
<https://www.freeadsz.co.uk/x-547799-z>

2015 GT GTS Sportive road bike size L - £300 ono. Great first bike for getting into road cycling. This comes with toeclip pedals (I also have shimano SPD used pedals for an extra £10). Rear tyre is a Continental Gatorskin, Schwalbe Durano DD on the front for speed and puncture protection. The saddle has not been used, as it was swapped out and back in. The front brake pads were recently renewed, there are about 5 miles of riding on the front pads. Brand new bar tape. The reason this bike is on sale, is because I decided to dive into owning a road bike after only having a mountain bike as a teenager. I went out and bought the largest bike on offer, lesson learned on my part. I now have a new bike which fits, and this one needs to go. It has only just been, it was serviced post winter, which is the last time it was ridden. In this work the wheel bearings got regreased, bottom bracket and chain were replaced, and the shifting was smoothed out.

- Specs:
- Shimano Claris Shifters
 - Shimano Claris Front Derailleur
 - Shimano Claris Rear Derailleur
 - Shimano HG71 Chain (replaced post winter)
 - Sun Race 25-12T Cassette
 - FSA Tempo compact cranket
 - Tektro R317 Brakes
 - Continental Gatorskin rear tyre
