this is a lovely nippy hatch that drives like a dream on sport suspension. low insurance and an average 62.8 mpg. £20 a year tax. the two tone interior, purple roof and 8 colour changing led mood lighting makes this car very cute and fun. i've fitted a centre console arm rest as not all models come with this. no problems, starts and drives great. genuine reason for sale. i'm willing to put on a new mot if asking price is met. otherwise mot till april 2018. genuine reason for sale
 priced for quick
