

# Accounting Services or Computer Training (for home or business)

Location **South East, East Sussex**  
<https://www.freeadsz.co.uk/x-548188-z>

## Accounting Services for home or business

For home, the self-employed or small to medium businesses - contact me with your accounting requirements. I can provide a book-keeping service and support with financial or management accounting tasks. I can assist individuals at home with their accounting or I can help businesses with their activities such as reporting, month end, variance analysis and investigation and KPI's etc.

## Computer Training for home or business users

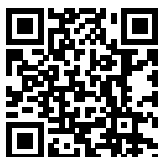

I can provide training for home or business users with Windows and Microsoft Office software. Also for tablets such as iPads.

I can train people in the comfort of their own homes. For businesses I am very experienced in writing simple to advanced spreadsheets in Excel to make life easier for number crunching, repetitive tasks or automated report creation. I can create mail-merge files in Word to help with mass document production which can be easily maintained by yourselves afterwards. I can create anything needed.

I have 25 years' experience in the accounting industry - working for a wide variety of companies. I have also worked with a large variety of software and systems in this time.

Please don't hesitate to contact me with your requirements.

Thank.
