6 simple stepsâ€

We've made it simple to find the perfect tenants for you and your property

1) Landlord: Create an advert on R & R Everyday Letting Agency.

Write your ad and Email your property photos. Our experts will then check that the ad has all the information it should have and is legal. Remember you can make changes to your ad at any time. Just call and send us a rough draft.

2) Landlord: Get ready for enquiries.

A short time after your ad is approved it'll be on all the UK's main property sites including House Ladder, Ezylet, Gumtree. Set aside time in your diary so you can book tenants in for viewings – and be

ready for their questions!

3) Landlord: Respond to enquiries

Answer all your enquiries quickly in via email or phone, get back to them. A quick response will get you a selection to go to the best tenants

4) Landlord: Choose your perfect tenant.

The viewings are done and you've got a shortlist of time to choose and tell the successful applicants.

5) R & R Everyday Letting Agency: Comprehensive tenant referencing.

Once you've chosen your tenants we will comprehensively reference them at no cost to you and only £76

(£62.50 VAT) charged to the tenant (cost per tenant). We don't charge any other fees to tenants.
