EMedStore: "Online Pharmacy Marketing & Sales App" is the India's 1st and most popular mobile app for medical stores to increase their sales and expand business instantly. It is the perfect app for pharmacy owners to open up new shop (24X7) to deliver better quality of service to their customers/patients by saving their time and provide home delivery of medicines.

We have a huge wealth of powerful features for your medical store to incorporate into medical store app! You can view them few here:

â~... Search & Buy Medicine: Indian medicines database available to order medicines with other health products.

â~... Upload Prescription: Patients can send prescription to pharmacist by taking picture or select from data.

â~... Medicine Refill: Patients can send their regular medicines order on a click by getting pre notifications.

â~... Offers: Pharmacist can display & send notifications of OTC and other medicine discount offers.

â~... Chat With Pharmacist: In emergency, patient can ask to his pharmacist to get rid of the situation.

â~... Find A Doctor: List out doctors nearby your pharmacy for your clients to find doctors.

â~... Medicine Reminder: Your patients can set medicine taking timing as a reminder for all medicines.

â~... Call Us: Your client can call you on a click and no need to search of contact number.

â~... Medical Details: Pharmacist can display all details including address with google map, bank details, timing, ect.

â~...Benefits of EMedStore:
