A wedding in Tuscany especially the Chianti Region, famous for its wine and rolling hills, is maybe one of the most 'Fairy Tale' marriage settings in Tuscany and Italy. The Chianti area is worldwide renowned for its 'belezza' and represents the ideal of Tuscany. Ages old vineyards, olive trees, castello's, rural countryside, renaissance and of course its rolling hills...

The Chianti region is quite large and it includes the areas around and between Florence and Siena, and a small part around the south-east of Pisa and the Val d'Orica, which extends from the hills south of Siena towards Monte Amiata.

Ancient Castles, beautiful Farm Houses (Agriturismo), City Halls in Firenze, Siena, San Gimignano and Churches for both legal and ceremonial weddings. Receptions, parties and events in (very) small Villages for unique, private and intimate celebrations can be held at well selected places we exclusively selected for you. They all have their unique character worth to explore whether a luxury Villa with Pool, medieval Castle or an ancient Vineyard, Podere, Fattoria...all our venues offer many possibilities for a dream wedding or event!

We at Wedding in Tuscany excel (we also speak fluent English, French, German) at staging in luxury and tailor made weddings with an eye for details! We love to know each couple personal and work very close with them through email, skype or phone and chat up until the wedding day or event.

Looking forwards to know you, assist you and fulfil your wedding dreams!
