Honda CBR1100XX Super Blackbird.

She is in very good condition, this was to be a shared bike for myself and my Wife to ride, she however cannot get on with the riding position.

The bike has covered 36000 miles from new, she has a brand new MOT (with no advisories) and has a good part history.

07/09/2005. 560 miles. MSC Honda Worcester

23/01/2006. 3992 miles. MSC Honda, Worcester

19/07/2006. 6510 miles. Bransons, Oxford

01/05/2007. 11805 miles. Bransons, Oxford

15/05/2012. 18300 miles. Independent garage

19/10/2013. 23454 miles. Independent garage

01/04/2015. 27251 miles. Staffordshire Triumph, Stoke on Trent

21/03/2016. 32710 miles. Independent garage

She is in a great colour, 2 tone blue.

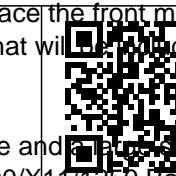

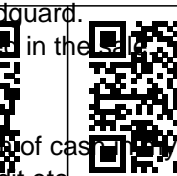

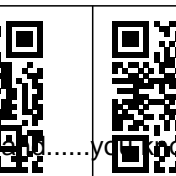

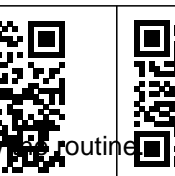

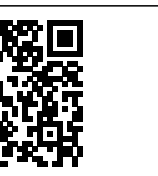

Looking through all the old MOTs, this bike has never had an advisory and has only failed the MOT once due to number plate spacing. She rides as she should with linear power, the gearbox is tight and smooth. The bike had a new battery and 2 brand new tyres less than 200 miles ago. A new chain and sprockets were fitted at the last service, she flew through her last MOT.

The exhaust pipes are in great condition, the only issues are the small crack in the fairing nose cone and the crack on the front mudguard. Neither detract from the overall condition.

If I were to keep her I would replace the front mudguard.

She is a standard bike that will stand out in the crowd.

She is a very good bike and a great value for money. If you are looking for a bike that will stand out in the crowd, this is the one. She is a very good bike and a great value for money. If you are looking for a bike that will stand out in the crowd, this is the one.
