Hello,

I am 19 years old and I am currently unemployed as I am working towards studying to be a nurse.

In my spare time I would like to babysit/Childmind.

I have worked at a pre school previously a good 4 years ago for work experience, I love working with children and during my time there I learnt basic child safety, health and safety, the way children's minds work and basic child care.

I currently have booked a paediatric first aid course for November to gain even more knowledge about baby and child health and safety.

I have babysat numerous children over the past 3 years, so I have a great deal of experience.

I am fun, energetic always optimistic but also always happy to help, confident, organised and reliable.

I have a full uk driving licence (clean) since 24th February 2016.

I am available for full time, part time, or occasional work.

I am happy to babysit all ages, however unfortunately at this point in time live in work is not for me.

Please don't hesitate to contact me via email or!
