

# Compact Folding Electric Bike 20quot - Onyx Black (799.99 GBP)

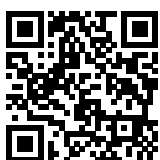

Location

Yorkshire and the Humber, North Humberside

<https://www.freeadsz.co.uk/x-550013-z>

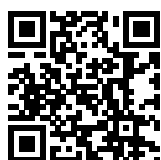

The Z2 e-bike is Zipper's take on the the phrase "Good things come in small packages". This little bike is great for commuters and easily folds up for practical storage and transportation. When unfolded the frame locks in place with a patented safety lock keeping the frame rigid and in place. The Z2 will assist up to 15.5 mph which is the UK maximum allowed for an electric bike to be road legal without a license or tax. The intelligent throttle system makes operation very easy. Just select how much help you want from the electric system using the easy selector switch, start pedaling and the motor will assist. The stylish rack mounted lithium battery is secured in place with a padlock, and can be quickly removed to allow charging anywhere. Other features include kick stand, key operated throttle and rear wheel lock, battery life indicator, bright front LED headlight, horn and rust resistant.
