Hi I AM SATHEESKUMAR. SEO FREELANCER INDIA. My 5 Years' experience revolves around SEO, Local SEO, Facebook Marketing, Google Adwords, Social Media Marketing like etc. Now-a-days very few people can be found who do not use social media.

Social media is the second need of the online people. If one organization can capture a large number of smm traffic, success can easily come to the owner. SEM and SEO are a gradual process which results slowly, rather SMM is an instant process which results faster.

Services: Local SEO (Location target), Global SEO, Country SEO, Social Media Maintenance, Social Media Marketing, PPC, Google Adwords, Facebook Adwords, Linkedin Ads, SEM(Search Engine Marketing), PLA (Google Product Listing Ads), Yahoo Adwords, Bing Adwords etc...
