A chance for another to make some money.

This is for a job lot of top end welders that have been looked after and 2 with little use, for the price you get the 3 welders shown.

I guess with Rolls Royce using the Hitachi and renowned to be probably the best welder money can buy and at a cost of 9k new it makes this one very cheap package

- 1 Miller maxstar 300 Tig/stick inverter welder
- 2 Hitachi inverter pair 300 GP4 water cooled tig welder
- 3 Oerlikon M303 and F303

The price is for what you see in the photos as a job lot but for an individual price please call 01749-840920 or 07964066095 079640660...(click to reveal full phone)
