Malm IKEA Black Queen Sized Platform Bed (50 GBP)

Location Scotland, Renfrewshire https://www.freeadsz.co.uk/x-550581-z

This IKEA bed was purchased 3 years ago. It is a platform bed that is black in color. It is in excellent condition still. The dimensions of the bed are roughly 70" wide and 84" long. With the mattress on it, it is roughly 20" tall. The bed has plenty of space for underneath storage.

If interested, the bed can come with the mattress that I originally purchased for it. The mattress is quite soft yet firm and was purchased from IKEA. The mattress has only been used with a mattress protector on it. If interested, the mattress can be sold for £20.

Willing to negotiate.

Please note that the bed will only be able to be picked up after the 23rd. If interested, you will have to pick up the bed from the flat and transport it to your location. I am willing to assist with unassembling the.
