

Light Therapy Centre

Location **Wales, West Glamorgan**
<https://www.freeadsz.co.uk/x-550917-z>

The Nation's First Light Therapy Centre, IS NOW OPEN!

Light Therapy was discovered by NASA and have recently gained global popularity among dermatologists and skin care specialists as the 'GO-TO' treatment for all skin issues.

Light Therapy is a unique type of light that penetrates deeper into the skin, improving skin's structure and appearance with also providing many therapeutic benefits. There is NO UV associated with infrared light.
