## Luxurious long-range cruiser

The longest model in the Tracker range, the RB makes good use of its 7.6 metre body to accommodate a transverse fixed island bed with full access from both sides.

The centrally located washroom and kitchen separate this dedicated sleeping area from the front lounge, which will comfortably seat five yet can be converted into a second double bed for occasional guests.

The transverse island bed provides accessibility and luxury all at once, whilst the walk-in shower and separate WC offers privacy and space when it comes to freshening up.

## Drive like a local

The integrated TomTom satellite system is available as part of Media packs 2 and 3 and will ensure you arrive safely and in good time. This DAB radio and CD player features a 5" colour touch screen, western European navigation maps, Bluetooth connectivity, USB port and reversing camera - all in one convenient package.
