Location **East of England, Suffolk**

I am now accepting appointments for women and children!

Bio energy is a completely non invasive and safe therapy. Bio energy is for relaxation, wellbeing, stress relief and can improve almost any health condition - both physical and mental.

Bio energy is safe for pregnancy, children, ladies and elderly.

This is a hands on treatment but I would like to add that both myself and the client remain fully clothed at all times!

I look forward to hearing from you soon to book your appointment.

Thank you,
