Hi!

Thanks for looking at our ad.

We've been doing websites for more than 5 years now.
 I do it full time with my partner and we love it :)

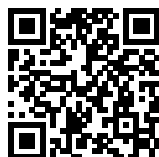

Cheapest price may not be on offer however,
 quality is guaranteed and unlike any other designers, we don't disappear.
 You can always contact us regarding your website even after completion.
 Remember that having a website is a great investment therefore paying reasonably is worth it for your
 business and it is something that you will own forever.

Search MAGIN WEB DESIGN to see our reviews online and
 find our website for more details about us.
 We have more of our recent projects displayed in our website.
 Prices are also listed on the site and are currently discounted.
 Prices too high? Not to worry, you can always message me to discuss.
 I am very flexible with prices and would consider certain circumstances.
 Website can be ready within 2-4 weeks depending on complexity.
