

Quality Tumble Dryer Repairs, Sales and Rental (60 GBP)

Location **North, Lancashire**
<https://www.freeadsz.co.uk/x-551180-z>

Welcome to Tony the Tumble-Dryer King.!!!

The place to go for cost-effective Tumble Dryer & Vacuum Cleaner repairs and sales of pre-owned serviced & refurbished equipment.

Stock changes regularly, but vented and condenser dryers are usually available, sometimes from as little as £50, depending on condition.

Vacuum cleaners are also usually available, both bagged & bag-less models, with the price varying depending on model & condition. All dryers & cleaners are serviced, PAT tested & guaranteed for three months.

Why spend more than you need to for a tumble dryer for your home.?

For as little as £10.00 per calendar month you can have a fully working, fully-serviced vented tumble dryer installed.

But you're not just getting the tumble dryer, you're also getting the peace of mind of knowing that your machine is fully-serviced before you get it & it will be fully-serviced every year to ensure that it stays in excellent working condition

When you rent a machine from us, you are responsible for the cost of any repairs it may need, but for protection you can purchase an immediate replacement if your machine is repaired within 24 hours.

If you buy a new dryer on monthly-payments, by the time you've finished paying for it you'll have a three year old dryer, with no warranty and no service back-up.

With Tony the Tumble-Dryer King that won't happen.

From day one you'll get excellent service in the event of a breakdown & problem-solving help by phone, email & Facebook.

.

.

Currently this service is only available in the Greater Manchester area.

*** A deposit will be required for most tumble-dryer rentals ***

.

.

Sales of fully tested and refurbished dryers are often available,

also a repair service is available, subject to a £25 examination / diagnosis fee.

(an additional collection fee will apply for repairs not delivered to the workshop)

The examination / diagnosis fee will be discounted against the price of the subsequent repair.
