

Quality Tumble Dryer Repairs, Sales and Rental (60 GBP)

Location **North, Lancashire**
<https://www.freeadsz.co.uk/x-551180-z>

Welcome to Tony the Tumble-Dryer King.!!!

The place to go for cost-effective Tumble Dryer & Vacuum Cleaner repairs and sales of pre-owned serviced & refurbished equipment.

Stock changes regularly, but vented and condenser dryers are usually available, sometimes from as little as £50, depending on condition.

Vacuum cleaners are also usually available, both bagged & bag-less models, with the price varying depending on model & condition. All dryers & cleaners are serviced, PAT tested & guaranteed for three months.

Why spend more than you need to for a tumble dryer for your home.?

For as little as £10.00 per calendar month you can have a fully working, fully-serviced vented tumble dryer installed.

But you're not just getting the tumble dryer, you're also getting the peace of mind of knowing that your machine is fully-serviced before you get it & it will be fully-serviced every year to ensure that it stays in excellent working condition

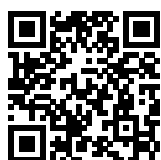

As a rented item, you will be responsible for the cost of any repairs it may require and for providing an immediate notification of your dryer being repaired.

If you buy a new dryer on monthly-payments, by the time you've finished paying for it you'll have a three year old dryer, with no warranty and no service back-up.

With Tony the Tumble-Dryer King that won't happen.

From day one you'll get excellent service in the event of a breakdown & problem-solving help by phone, email & Facebook.

.

.

Currently this service is only available in the Greater Manchester area.

*** A deposit will be required for most tumble-dryer rentals ***

.

.

Sales of fully tested and refurbished dryers are often available,

also a repair service is available, subject to a £25 examination / diagnosis fee.

(an additional collection fee will apply for repairs not delivered to the workshop)

The examination / diagnosis fee will be discounted against the price of the subsequent repair.
