

PLASTIC TRESTLE TABLE 6FT X 2FT 6IN (30 GBP)

Location

East Midlands, Nottinghamshire

<https://www.freeadsz.co.uk/x-551297-z>

6ft x 2ft 6in plastic trestle table (blow moulded) It's suited to a whole range of venues hosting a variety of different functions and events. Perhaps you are staging a wedding reception in a marquee or hosting a trade show where you need to assemble tables and chairs quickly and efficiently. This particular table is not only easy to set up but can be quickly transported from one venue to another.

Features and Benefits

It's suitable for use both indoors and outdoors – its plastic top surface is easy to wipe and clean

Height = when in its upright (standing) position the table stands at 750mm/30" from the ground

Length = 6ft

Width = 2ft 6 inches

The table top itself is made from blow moulded polyethylene

The frame of the table is made from a black powder coated steel

The legs fold so that table can be put into a "flat" position, making stacking, storing and transportation simple

The legs also feature a locking ring mechanism

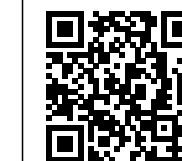

Although the table has a lightweight design – making it easy to handle, it is also strong and sturdy to ensure maximum loading capacity

Each leg of the table is fitted with a plastic "foot" – these plastic feet help to prevent the tables from slipping and also help to prevent any damage to floor surfaces

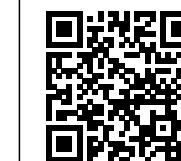

There is no assembly required – once delivered and unpacked, your table is ready for use immediately and you can look forward to a successful function.
