The generator is on wheels and was a standby generator for a private house. The engine looks as new, the bodywork has a few age related marks. It has a brand new battery, it runs sweetly and has probably hardly ever been used. It was installed in a large garage, and is in excellent condition. We bought it a year ago but have never used it, and we now no longer need it. Lovely clean, reliable and silent generator. Viewing welcome, any questions please e-mail. Cash on collection. Advertised.
