Greece has a number of Islands and one of the main attractions of Greece. Greek Islands offering a great range of sandy beaches with sand-dunes pebble beaches, coastal caves with steep rocks and dark coloured sand.

The magic of these islands goes beyond the breathtaking sunsets. Santorini Greece is one of the few places in the world where you can see white-black and red-sand beaches. Its history is one of the battles and conquers, of a tragic eruption and a blossoming renaissance – events that haven't altered Santorini's charm but that undoubtedly scarred it. Santorini delight all 5 senses, treating the traveller to enchanting views and thousands of colours.
