

# King Bed amp Mattress (Shabby chic) (250 GBP)

Location **South West, Hampshire**  
<https://www.freeadsz.co.uk/x-553348-z>

King sized Shabby chic bed frame which comes in 4 parts.  
No screws, no-nonsense bed! The pieces fit together into metal slots as viewable in the pictures.  
Wooden bed slats underneath which are attached together with black webbing so they stay together in an orderly fashion.  
There are a few paint chips here and there. I actually can't remember if they are there intentionally as the bed is meant to be Shabby chic and vintage.  
In my most recent move, the backboard got damaged, there's a small dent in it. See the picture in the advert.  
The mattress is only 2 years old. perfect condition. Only ever slept on by myself and few friends.  
I love this bed but it does not fit in my new flat so it up for sale. It is spacious, comfy and easy to reassemble. It comes from a smoke-free home so in great condition.  
Please give my beautiful bed a new loving home!  
If you are interested give me a call to arrange a viewing. Bed is currently stored in my container in Gosport,.
