I am the producer of upholstered furniture. My firm is located in Szwarzędz, Poland. I run a family company which employs 40 people. Our furniture has been produced and delivered to Holland and Germany for a few years. We put emphasis on the perfect quality of our products. We produce not only lounge suites, but also armchairs, sofas, corner seatings and pouffes. If you are interested in our offer, I will send you the catalogue including all the prices. I`m also sending a few pieces of our furniture in the appendix.
