

Floating staircase heavyduty teak (250 GBP)

Location **North, Tyne And Wear**
<https://www.freeadsz.co.uk/x-553446-z>

COMPLETE FLOATING HARDWOOD STAIRCASE WITH 17 TREADS

Floating teak staircase full size, very heavy duty and sturdy. Part covered with non slip material and aluminium nosing.

These were made to order some years ago and been in situ. we are removing them as the room is being converted.

Specifications:

Treads 975mm x 225mm x 35mm [3ft 3in x 9in x 35mm]

Treads in total 17

Case 10ft 3in base to top

Condition:

They require varnish and some non slip matting glued

Removal:

We will unbolt them ready to takeaway

They need to arrive on site with a heavy vehicle. They will fit in a small van or a large van or a back vehicle. We will remove them in one piece for ease of erection.

Viewing:

We would prefer you to view prior to buying and satisfy yourself. This is an honest sale. I have not mislead or misdescribed the staircase in order to sell it. It is a good quality staircase at a fraction of the price you will pay if you were buying a new one. I could do with a coat of varnish to bring it to new

condition.

Offers:

****REDUCED**** Bargain as I need these gone work starts on 15th October. ****This is a steal****

I am open to sensible offers, with prior arrangement I could arrange help to load it onto your transport.

NOTE: The staircase will be removed ready for collection at ground level. We have had to cut a piece of the bannister to install the new ceiling. Please expect the odd hole from where the banister will be removed from the tread. You can replace this with glass or a material of your choice. In all honesty the bannister was not very good and did not fit the style of the staircase if it is to be installed in a house. This was installed to access our first floor office.

Please note these are not new, you should expect some wear and tear. The bannister will be removed prior to sale as it was cut to get access to the ceiling. Expect holes where the bannister was, which will be covered by your new bannister. I am lead to believe its teak, if this is important please bring a timber expert with you. I can guarantee it is.
