Stunning and very rare Nicole, by Artist Helen Kish (Wonders of a Winter's Night) Doll. This doll was purchased quite a few years ago. She was made in 1999. She is from my own doll collection. Never removed from box so perfect condition - still has net on her hair. Beautifully dressed in wine and green long sleeve dress with braided cuffs and hem and pretty sculpted decor on the shoulder. Delicate white petticoat, edged with lace, dark green tights and black leather high laced boots. Her beautiful face, three quarter arms and legs are in hard plastic, looks and feels like porcelain.

Her face is hand painted and she has beautiful long honey coloured hair tied back with a scarlet ribbon. She has a firm cotton body, and she comes with her certificate of authenticity. She stands about sixteen inches in height. This doll is not a toy, - for Collectors only!!!! Very sad to see her go, but selling all my dolls, my husband insists !!!!! An investment for the.
