This is Tyler, a beautiful realistic artist made Baby Boy Doll. Approx 22 inches tall. Soft cloth body and weighted to emulate the feel of a real baby. Not a toy. Quality vinyl three quarter arms and legs and beautiful sleeping face. Hand rooted dark brown hair and long eyelashes. Very realistic as you can see. Stunningly dressed in soft white jacket and trousers, t-shirt, blue hat and socks, vest and nappy, white shoes and spare babygro and favourite bunny. All dimples and creases like a real baby. My favourite of all my Collectable dolls, but regretfully I'm selling them all. Never displayed, so mint condition and boxed. Cost me a lot when I bought him years ago so a real.
