

Semi Permanant Eyelash Technician Manchester

Location **North, Lancashire**
<https://www.freeadsz.co.uk/x-554679-z>

I am Fully Qualified and Insured Semi Permanant Eyelash Technician that has been qualified for two months now, who is trying to build my clientele mobile (from home).

As I am trying to build my clientele, I will be doing a full set of mink eyelashes for just £20. (This offer will only last for a certain amount of time)

Most women don't have the time or patience to apply fake eyelashes every day. So it's no surprise that lash extensions have become increasingly popular in recent years

There are three types of lash extensions: synthetic, silk and mink. Size availability ranges from 6mm to 17mm.

However, everyone has different lashes, and depending on the condition of your own natural lashes, lash experts can only go a certain length or thickness. (This is to ensure that your own lashes remain healthy)

The lashes are applied one at a time using a specially formulated, semi-permanent glue that will not irritate the eye nor damage the natural lash.

The process of applying the false lashes can last anywhere between 1hr30 mins to 2hrs and is completely pain free- lashes can be maintained year-round with touch-ups recommended every three to four.
