A FREE ONE-DAY EVENT where you can experience remarkable powers of the awakened Third Eye. The Third Eye is a very potent power which is stored in every human being – it is the very source of your consciousness.

This landmark event showcases the advent of a new species and the evolution of human beings into divinely awakened super-humans. The revival of this ancient vedic science is made possible by the grace of His Holiness Sri Paramahansa Nithyananda "Swamiji", a living Avatar (Incarnation as per Hinduism).

The first-ever world tour coming to LONDON - to demonstrate the evolution of human beings into divinely awakened superhumans, capable of extraordinary abilities previously confined only to ancient Yogis  
You are not just a regular human. You have the potential to be SUPERHUMAN
