Brought up in the family home with all the usual household noises, well handled by children and used to other pets around also they are a very friendly, happy, socialised bunch! They are also well used to travelling in the car! Non returnable £100 deposit secures. May be able to deliver depending on distance. As there are a lot of dubious people around please don't be offended if asked specific questions to prove your worth in giving these precious bundles a home.
