

Two Gorgeous, quality KC Golden Retriever puppies (600 GBP)

Location **London, London**
<https://www.freeadsz.co.uk/x-555305-z>

Adorable KC registered golden retriever puppies available to happy homes!

The mom and dad of these sweet puppies are our family pets and the puppies have been raised in the home. They are socialized to cats, dogs, and children of all ages and love to be cuddled and played with! Mom is an CK registered golden retriever. She is calm and laid back and would love to just lay at your feet all day and enjoy the company of her human family. Dad is a KC registered golden retriever and he loves to play! He has more energy than mom, but still behaves well. Both are incredibly smart, loyal, and wonderful with children and other animals.

The puppies we have available seem to be the perfect blend of mom and dad...laid back and loving and then playful all at the right times. We have 2 females and 1 male available.

All of the puppies have had their first visit to the vet. They received their first set of shots and wormer, and a clean bill of health.

Due to the high demand for registered goldens we can only provide these puppies on a first-come, first-serve basis. This is the only way we can keep it fair. Only happy homes ready for a lifetime commitment need apply.

Females will be rehomed for £600.

Males will be rehomed for £550.

If you are interested please feel free to contact us by phone or email. If by phone, please feel free to call anytime on Saturday and Monday, after 12:00 on Sunday, and after 8pm on tues
