

UPVC Door, approx. 10 years old, in VGC selling as unsuitable for new project (15 GB

Location **Wales, South Glamorgan**
<https://www.freeadsz.co.uk/x-555353-z>

Glass and Handle IS included, both in VGC and removed for transport, so not pictured.

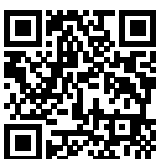

OUTER (Frame) dimensions;
2050mm x 1000mm

Height wise the bottom sill is a flat (3-4mm) Aluminium plate so plenty of scope for packing or replacement with a full UPVC sill if your aperture height is larger.

This door is approx. 10 years old going by markings on the unit. I obtained this door where the previous owners had wanted to change for a non-glazed door; however, it is unsuitable for my lean-to since it is hinged the wrong way, and this cannot be changed.

It is in really good condition, with glass and handle already removed so would easily fit onto a car roof rack etc... with the glass wrapped up in the boot.

There are no signs of unit failure in the glass but the bottom (aluminium profile) sill will need a clean etc... That said a bargain for the!
