Lili Waste Services are a local waste management company that offers trade waste removal services. We supply and service all sizes of waste containers for commercial and domestic customers. Our local waste collection teams work to provide professional and reliable collection services to our clients. We tailor our collection services to meet the individual needs of our clients, collecting all types of company waste.

Trade Waste
 We offer fully-licensed waste management services to business and organisations across Leeds, Sheffield, Hull, Southampton, Portsmouth and Kent. We work across sectors to help our clients manage and dispose of all types of commercial waste, keeping our rates low and the quality of our service.
