China, a Major Exporter of Smart Toilets
According to a survey conducted by China Household Electrical Appliance Association (CHEAA), in 2015 China in total manufactured 3.4 million smart toilets, about 40% of which were shipped to Japan, Europe and North America. China possesses nearly 50% share in Japan's smart toilet market.

Besides smart toilets, China also excels in producing ceramics, hot tubs, plumbings, shower cabins, etc. Capitalizing on this advantage, GSW 2018 is going to converge China's top sanitary ware exporters for worldwide buyers to meet with!

Preview of GSW 2018
