

Mathematics Tutor KS1-KS5

Location **South West, Gloucestershire**
<https://www.freeadsz.co.uk/x-555529-z>

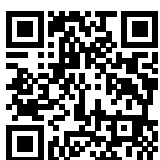

I am a fully qualified Maths Teacher with a First Class degree in Mathematics and a PGCE in Secondary Mathematics Education.
 I have been teaching for 5 years and have taught in main-stream state Secondary schools, as well as doing a 9 month stint in a Primary school.
 I have been tutoring for 12 years and started up my own Tutoring business, S.Success Tuition, in 2015.

I have had great results from my students and pride myself on the quality tuition that I provide.

I build great working relationships with my students and believe that having such a good rapport enables students to feel confident and at ease, which in turn contributes to effective teaching and learning.

I have a large amount of reviews which are available upon request, as are proof of my qualifications.

Please feel free to get in touch for more information and a tuition quote. Prices start from £22 for Primary tuition, £27 for Secondary and £30 for A-Level (some areas may incur a travel)
