Here is a rare opportunity to own an American Twin chambered air mattress with dual controls. Although not new, it is in a very good and clean condition. Whilst we have owned this mattress we have used a protective cover.

It is called The Sleep Number Bed by Select Comfort.

The technology behind the SLEEP NUMBER bed is one that recognises your individual needs, i.e. Body type, height, weight, sleeping position etc

Contents: Mattress cover, Firmness control system, Dual remotes, Foam border walls, Air chambers, Centre foam wall, Corner Locks.

Bad points: there are a couple of tears on the underneath of the mattress housing, but it does not detract from use. One of the remote controllers does not display properly. But you can gauge still what level you are on. Replacement controllers can be bought online.

Measurements of this mattress are: 60" wide 75" long.

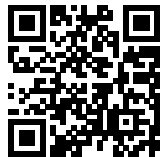

Collection in person welcome, cash on collection please.

Also happy for you to arrange your own collection via courier
