Connect on a deeper level with your 3D content. SpaceMouse Pro Wireless's patented 6-degrees-of-freedom (6DoF) controller cap delivers natural feeling 3D navigation designed specifically for professionals.

Smoothly pan, zoom and rotate models and cameras. Easily position parts, assemblies and designs. Intuitively examine and analyse your designs from every angle. It's as close to holding your model as you can get.

While your standard mouse selects, creates and edits, the SpaceMouse Pro Wireless handles 3D navigation for a revolutionary two-handed work style preferred by the world's top engineers, architects and 3D professionals.

No more cords. No more constraints. SpaceMouse Pro Wireless provides a real-time connection to your 3D content with 3Dconnexion 2.4 GHz wireless technology.

Just pop the USB receiver in your PC or Mac, and enjoy the reliability of a wired device coupled with the satisfaction of a cord free desktop.

SpaceMouse Pro Wireless will operate for two months between charges. When it does need juice, just connect the USB cable and continue.
