We are experienced refrigeration service and maintenance engineers for Fagor, Gram, Hoshizaki, Tefcold and Sanyo, etc

Please contact us for more information on the products and brands we install, repair and service.

We Cover most of London and Surrounding Cities, we supply a reliable and trustworthy refrigeration maintenance and repair service to all our customers in the commercial sector.

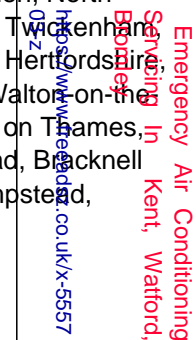

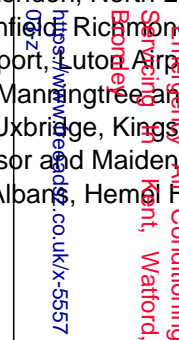

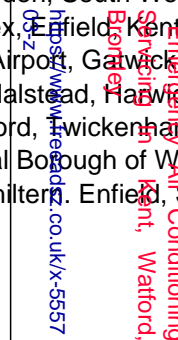

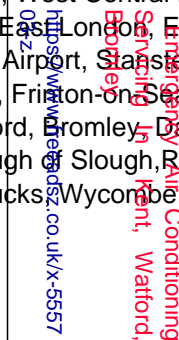

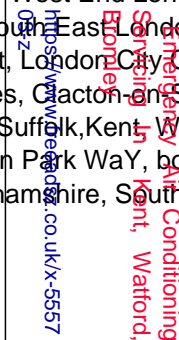

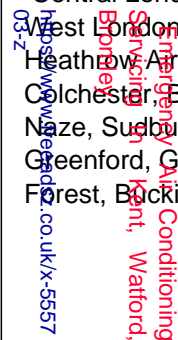

Air Conditioning Services All Over London and Neighbouring Boroughs and Cities

Our air conditioning engineers specialise in the design, installation, servicing, maintenance and repairs of industrial, commercial and domestic air conditioning systems for local businesses, organisations and homeowners throughout London and surrounding areas.

Whether you require an energy efficient air conditioning system for a retail, commercial or industrial building, or you want an air conditioning system installed in your home, we have the skills and expertise to design and install cost effective air conditioning systems to suit your individual needs.

From small mobile AC units, to larger VRV / VRF and hybrid systems, we can provide you with a range of suitable options and solutions which will provide you with perfect climate control, keeping you cool in the summer and warm in the winter.

Our Domestic and Commercial Air Conditioning Services Include:  
 • Installation of New Air Conditioning Systems and Ducting Systems  
 • Repairs and Condition of High Temperature Ducting Systems.  
 • Ductwork Repair and Monitoring  
 • Ductwork Covering and Sealing
