DriBUDDi dries your clothes using a warm air motor that helps to drop out creases and leaves your garments feeling crisp and fresh with a 'line-dried' feel.

The gentle drying is safe for all fabrics and the powerful motor uses up to 25% less energy than other dryers. It holds up to 10 kilos of clothing (around 18 items) and is easily stored away.

DriBUDDi is super easy to use.

1. Hang wet clothes on DriBUDDi.
2. Zip DriBUDDi cocoon cover in place.
3. Set drying time and let the warm air do the rest.
