

Ex display stainless steel reversible kitchen or utility room sink (45 GBP)

Location **South West, Wiltshire**
<https://www.freeadsz.co.uk/x-556229-z>

Sink left over after kitchen refurbishment using a department store display set. However the wife wanted a different sink unit so this is surplus and needs a good home. This has only been used for display in a department store: it has not been plumbed in or used. It was part of a good quality expensive display, but I can't see a name on the sink. There are minor surface marks round the tap hole (see last picture) where a display tap was fitted but these will be covered when a tap is fitted. Otherwise the top surface is in very good condition. Similarly there are some marks on the underside as shown but these would not be visible from the top when in situ. (The darker grey on the underneath in the pictures is damp from the wet grass on my lawn when I took the pictures). As seen.

Usual size of approx 1m x 50cm. Bowl size approx 45 x 36 x 19 cm so a good size - would also suit a utility room for laundry, washing muddy clothes, boots or dogs.

Buyer to collect from Chippenham, Wiltshire.

I also have an ex-display Franke tap with a pull out spray and LED lights which came with the sink: I will try to list this soon.

Thank you for.
