At Organic Gardens Sussex we love plants and gardens and are passionate about natural ways to enhance their benefits for individuals and communities.

If you would like any extra help in your garden, or are interested in growing foods, or increasing the biodiversity and beauty of your outdoor space, or all of the above, we would love to assist.

We are committed to organic, sustainable and environmentally friendly methods, with an approach that reduces waste and respects our natural resources.

Our garden designs can help minimise maintenance work and maximise the space and potential of your garden.
