We will work around your timetables and provide cleaners to work when you need them, either before or after school and in the holidays where necessary. All our cleaners are fully security screened at the highest level and are trained not only in cleaning but also customer service which is paramount when working in public areas. At the start of your contract, we will come for a site visit to discuss your requirements and we will keep in regular, close contact to make sure you remain happy with the work conducted by our personnel. Quarterly meetings are put in place to provide feedback from both parties regarding the services provided. <http://gloscleansolutions.co/>
