

Wpc composite decking (15.50 GBP)

Location

Yorkshire and the Humber, West Yorkshire

<https://www.freeadsz.co.uk/x-556979-z>

For sale wpc decking. This is a new produkt for UK market. None of your neighbours or friends have something like this. Yes, it's not cheap, but it is quality product and made to last. At the end it is not that expensive compare to others.

It's high quality, durable, easy maintenance, easy installation, long life, eco-friendly composite decking. This is high quality, double sided, 3D art colour decking. The highly durable and reversible anti-slip decking is made almost entirely from recycled material and does not splinter, making it safe for you and your family to enjoy.

As the low maintenance decking does not rot and never needs to be treated, you save every year over standard wood products.

It is different what you have seen already as board is wider - it looks like natural wood.

It is 2.2m long, 200mm wide, 25mm thick.

Two colours available at the moment - dark brown and light grey.

We can help with installation.

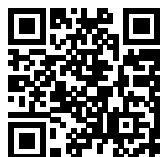

For more info don't hesitate to contact me.

Thank you for.
