This is a brilliant bike bought new in 2013 from Clive Mitchell Cycles in Truro, the Specialized Crosstrail hybrid. It's only been lightly used.

This Specialized Crosstrail is the Men's frame version; size L. I am 5'8" and it is perfect for me.

It's in good condition, it could use a small cleanup as it's been unused for a while (although I did take it for a little test ride and it's absolutely fine).. I had one of the Shimano gear shifters replaced with a new one by the bike shop as I had managed to lose the plastic top.

Perfect for someone who wants a bit of road / bit of off road.. it's a fab bike and I put a really comfy saddle on it.

Have a look at the Specialized website for full specs etc.

Any questions welcome! Must go asap as I now don't have space to keep it and it's just not being used...

£250.
