We are pleased to be offering a superb Black & Tan litter of Jack Russell Puppies. Puppies follow their parents and grandparents bloodlines and are beautifully marked. The litter has 3 black and tan boys, 1 black tan girl and 1 tricolour girl. All puppies are legally docked with vets certification for each puppy available to certify this.

These puppies are reasonable priced given their excellent breeding and quality. We have kept and loved Jack Rusells as family pets for many years. Our dogs are brought up around young children, horses and other dogs. They have the freedom of our land to run around so they are very fit, active, and happy dogs. The puppies are ready to leave their mother on the 4th December when they will be 8 weeks old but deposits are being taken at present.

All puppies will be vet checked, vaccinated, micro chipped and wormed to date. Puppy packs will be supplied to all new owners along with 100% after sales advice and support as and when.
